WORK EXPERIENCE

Click Communication Arts Graphic Designer

March 2020 – Present

Assisting the three company partners – who are also my art directors – with completing various design projects for both long and short-term clients. These projects include: assisting in branding ideation; creating print work from flyers to billboards; and creating digital work including eblasts, HTML ads, and websites. Working in this support role while meeting the high expectations of my team has allowed me to expand my design skills at a significant level.

YourTime Personal Assistants Personal Assistant

April 2019 – March 2020

Worked in the homes of an elite client base helping them keep their homes running smoothly. My duties included, but were not limited to, light housework; ran various errands; managed moves and other requested duties. I also performed various on-call tasks including dog-sitting, holiday decorating, and assembling furniture.

Freelance Graphic Designer

Nov 2018 – Present

On an as-needed basis, I work with both existing and new businesses – increasingly, with Vertical Church Charleston – on branding, print materials, and website design.
